PORTER FAMILY CHIROPRACTIC

- We have proudly served Cobb County residents with their family's health and wellness needs since 1987.
- Chiropractic respects your body's innate, natural healing powers!
- Using safe & gentle techniques, doctors of chiropractic help to remove the nerve interference within your spine that cause illness and disease. This helps you to heal faster, stay healthy, and grow stronger each day.
- Choosing chiropractic offers you and your family a *surgery-free, drug-free, alternative healthcare option.*

CHANGING LIVES WITH HEALING HANDS AND
CARING HEARTS!

DR. DEBBY PORTER

Dr. Debby graduated from Life University in 1996, and has delivered thousands of adjustments to infants, children, adults, and seniors over the years. Continuing to honor

her late husband, Dr. Bob Porter, she is proud to further his mission of caring for our community's health, *naturally!*

WE HONOR THOSE WHO SERVE OUR COMMUNITY!

- We serve Cobb County and City of Marietta Police Officers, Fire Fighters & Deputy Sheriffs with their Chiropractic needs.
- We provide complimentary care to all full-time Ordained Clergy and Ministers.
- Dr. Debby has been involved with the health and wellness for those at Cobb Street Ministries, Calvary Children's Home, and The Extension.
- Dr. Debby is the Official Chiropractor for The Atlanta Falcon Cheerleaders.

Chiropractic Adjustments

"Pinched" nerves can affect your health, posture, vitality, resistance to disease, and even your emotional health.

Chiropractors refer to this nerve interference as vertebral subluxations. Getting a spinal analysis from a doctor of chiropractic will offer you information about where your subluxations are. Receiving spinal adjustments helps to release your internal stress, freeing your "pinched" nerves. We use traditional chiropractic techniques to adjust your spine. The methods used by Dr. Debby are Full Spine/Diversified, Thompson/Drop Table, Activator, and Toggle.
